About NZEBIKES

Founded in 2010, our goal was to design electric bikes for every day usage at affordable prices. Designed in New Zealand, produced in China under our quality control standards. We make sure that our bikes are reliable, but still affordable. Hundreds of happy customers speak for themselves. Have a look on www.evinci.nz under *testimonials*.

Warranty

We provide a comprehensive 2 years warranty on battery, motor and all other parts plus a 6 year warranty on the frame. Wear and tear excluded. Wear and tear items include and are not limited to: brake pads, brake shoes, tyres, handle grips, pedals plus any other items considered as "wear and tear attributing". For commercial usage the warranty on all parts is limited to 6 months.

Spare Parts

We stock a full range of spare parts, which can be purchased through your retailer or online.

After-Sales Support

We are here when you need us. We don't hide behind PO boxes or doggy online shops. Best support is our goal and that's the reasons why we only sell through certified retailers.

Colours

We strive to have all shown colours in stock, but we cannot guarantee the availability over the course of time.
